AI O

UCSD ACADEMIC INTEGRITY OFFICE

Be a Part of the AI Family!

Roles of a Peer

- Co-lead AI Seminar
- Create and give AI presentations
- Consult with students about AI
- Advise students who have been alleged with an AI violation
- Work with university community members to enhance the AI culture at UCSD

Some of the Many Benefits

- Develop capacity for leadership by stimulating integrity dialogues and challenging students on their academic conduct
- Improve communication skills by presenting to diverse audiences, small and large
- Develop ethical decision-making strategies
- Establish a sense of personal, professional, and institutional ethics and their complicated intersections

Some of the Peer Projects:

- Creating presentations/workshops for RAs
- Outreaching to College Councils, Greeks, Student Orgs, and Local HS's
- Outreaching to Faculty
- Organizing Educational Campaigns (such as Face2Face Week)
- Coordinating the annual AI Awards Night
- Stimulating discussions on AI
- AI Promotion
- Independent Projects

What is AI Seminars?

The AI Seminar is taken by students who have been reported for academic misconduct. Peers help to facilitate discussion about these topics and engage with students one-on-one and in groups

What is AI Advising?

Peers are available for advising students who wish to know more about UCSD academic integrity policy or the allegation process.

What is Face2Face Week and AI Awards Night?

Face2Face Week is our annual campus wide educational campaign to bring awareness of AI. Each year we conduct a contest for students to participate. During the week, we hold our annual AI Awards Night which honors people who have contributed to AI on campus.
